- Home-links: Please always keep the Family Unit Letters! It contains all the answers for Unit homework.

Sad Day, Happy Day

Maria and Michael were in the house *looking* out. It had *rained* and *rained* all day. Maria and Michael did not play. They did not laugh. They did not call their friends. They just *looked* as it started to rain. They *looked* and *looked*. The sun did not shine. It *rained* and *rained*. It was a sad day.

Then out came the sun! It was still *raining*, but the sun was *shining*. It *shined* on the rain and made a rainbow. Maria and Michael went out to play in the rain. They *called* to their friends, "Come look at the rainbow." They were *playing* in the rain. They were *laughing* with their friends. They *played* and *laughed* all day. It was a happy day after all.

Adding Endings to Verbs

Dear Parents,

Notice that some of the verbs in this story are underlined. These words represent the basic form of the verbs (also called verb stems) that we start with before we add endings. All of the underlined verbs are repeated in the story with two different endings: -ed and -ing. You can help your child read these "new" words (shown in italics in the story) by covering the endings with your finger, asking your child to say the familiar word, and then moving your finger to reveal the ending. In most cases, your child will be able to guess the ending, because it is simply what makes sense in the sentence. Be sure to repeat the word all ways (play, played, playing) before going on to the next exercise.

We completed this assignment together.
